Wirecard CEE gains another fashion label client in Rockstars & Angels

- **Integrated payment services from a single source**

Graz. Wirecard CEE, a subsidiary of the Wirecard Group, is now supporting the e-Commerce activities of the famous U.S. fashion label Rockstars & Angels (R&A), which has its flagship store in Los Angeles. Customers from Europe and the USA can access the online shop via the website www.rockstarsandangels.com. They benefit from the integrated Wirecard payment services when they pay by credit card or other payment methods. The online shop is operated by Star Club GmbH from Stuttgart in Germany.

“We have established a high level of international recognition for our Rockstars & Angels label within a very short space of time. For our online strategy, we wanted to involve the leading experts in payment processing,” comments Björn Steiner, Managing Director of online shop operator Star Club GmbH, adding: “We were impressed by the entire package Wirecard CEE offers. In every respect, Wirecard provided competent advice and a customised complete solution.”

The processing of all payments takes place via the Wirecard Checkout Seamless solution, which integrates seamlessly into the purchasing process. The payment and risk management specialist Wirecard has its own bank for credit card acceptance (acquiring). In addition, the collecting model used by Wirecard means all online payments are managed via a single source.

Roland Toch, Wirecard CEE Managing Director: “We are delighted that we have been able to add another famous brand from the fashion industry to our client list with Rockstars & Angels. The client was won over by our expertise and consultancy services for international payment methods and risk management. Our checkout solution is impressively flexible, which means that the the range of services can be expanded at any time. This is particularly beneficial for tapping new markets and target groups.”
